

# RICHMOND INSTITUTE OF SPORTS LEADERSHIP JUNE UPDATE

Our cohort continued their online learning journey through the month of June.

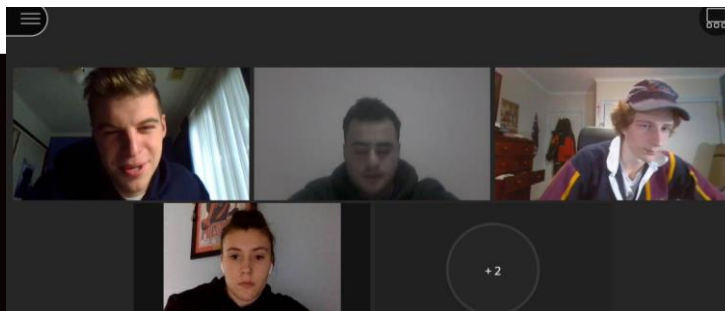

Anu Briggs joined us recently facilitating a Simulated Placement with our students. Students learnt the power of influence and how to incorporate this into your everyday life.

Students excelled in their Develop and Maintain Stakeholder Relationships (SISXMGT001) unit recently, preparing high quality observations/presentations as seen below.

The Maintain Work Health and Safety (HLTWHS003) unit was introduced to students this month, giving them a real life insight into the importance of a safe workplace. Students worked in groups to collaborate on assessments.

This month the Richmond Institute kicked off their First Aid course, delivering to Aligned Leisure staff and the Allied Health Assistance (AHA) cohort! Stay tuned for more information.

Leanne De Vos joined our AHA group recently speaking about how COVID-19 has changed the world of AHA, and how our students can respond and learn from it.
